

City of Simi Valley

**Directory of Services
for the
Homeless and Needy**

September 2006

September 2006

To Service Providers for the Homeless and Needy:

Thank you, on behalf of the City Council, to the hundreds of agencies, service providers, and volunteers for your work with the homeless and needy in our community and your valuable contribution of time and energy in assisting the citizens of Simi Valley.

In 1999 the Simi Valley City Council appointed a 19-member Task Force on Homelessness comprised of representatives from City, County, non-profit organizations, and the community-at-large to study the issue of homelessness. The Task Force guidelines included, in part, gathering information on the agencies that are providing services to the homeless, the level of services, and how the homeless may access these services. As part of this research, City staff developed a *Directory of Services for the Homeless and Needy in Simi Valley*. This document has been recently formatted with all agencies listed with service categories for better access and referral to services for the homeless and needy in Simi Valley. The *Directory* is also located online at www.simivalley.org.

We hope that this Directory will assist you in linking citizens with helpful services and resources. If you have any additions, or corrections to this document, please feel free to contact Sandra Thompson, with the Community Services Department at (805) 583-6759, so that revisions can be made on the Website and to any future publication of this resource.

Sincerely,

Paul Miller
Mayor

The City of Simi Valley would like to take this opportunity to thank the Task Force on Homelessness, the many volunteers, and public agency employees for their efforts in addressing the issue of homelessness and their valuable assistance in developing this Directory.
